MANAGING DIRECTOR'S MESSAGE

COMMUNITY SUPPORT

What a privilege it has been to lead TYPA as its Managing Director for the past 20 years. Over these years, we have faced many challenges in our community - from SARS to water shortages to typhoons to Novel Coronavirus, to name just a few. But throughout the good times and the challenging times, one thing has remained constant - the strength of community at TYPA. A community that comes together and supports each other. A community that celebrates together! A community that enables TYPA to provide the best quality recreational and educational services for the children we serve.

Encompassing services that range from rugby to robotics, piano to public speaking, ballet to basketball, chess to cello, guitar to gymnastics, Mandarin to martial arts, soccer to summer camp, violin to volleyball and technology to track & field - there is indeed something for everyone! And, just as we have remained flexible and dynamic in responding to our youth's evolving needs over the decades, so we will continue in the future.

I thank you for your support of TYPA and your dedication to your children's activities and well-rounded development. We strive to help you provide a balanced life for your children. As we consider our future, it is with your children in mind and how best we can serve them and prepare them for their future. Thank you to our amazing office staff, to the 130 dedicated professional instructors and to our parent coaches. I appreciate everything you do for our community and look forward to our continued partnership into the future.

As you peruse our most recent brochure, I invite you to choose from the enormous array of recreational and educational experiences. TYPA continues to realize our mission of developing healthy, well-rounded, confident youth, enthusiastic about learning through their participation in safe, dynamic, fun-filled recreational experiences.

Best wishes,

Gerry Moran

The program has enabled my son to be more confident, share with others, and has given him a sense of responsibility. I would highly recommend this program to any parent looking for a way to give your child a positive, fun, and truly unique experience."

TENNIS

Tennis students will need to purchase their own tennis rackets to be used for tennis lessons. Tennis or sports shoes must be worn to avoid injuries and students will also need to wear proper sportswear in class.

Tennis Lessons Grades: 1-12

Come join TYPA tennis and learn how to serve, volley and hit a ground stroke! It's a great opportunity for you to learn various tennis techniques with our outstanding tennis coaches. The TYPA tennis program is comprised of **FOUR DIFFERENT TENNIS LESSONS OPTIONS:**

1. TENNIS CLINIC - Three coaches collectively instruct 15-20 students of all levels. Tennis clinic lessons are only offered from 2:45-3:35pm (Mon-Fri). We also offer a special tennis clinic lesson on Friday 3:45-4:40pm for grade 5 and older students. At the beginning of each semester, students will be assigned into different groups based on their assessed level and age. Tennis students will not be able to choose their own instructor.

To be fair, each student may only enroll in two tennis clinic classes per week.

2. PRIVATE - One on one

3. SEMI-PRIVATE - One coach with 2 students

4. GROUP - One coach with 4 students

All Private, Semi-private and Group lessons are scheduled between 3:45-7:15pm on weekdays, and on Saturdays from 7:00am - 7:00pm.

All tennis lessons are scheduled in the following manner:

Towards the end of each semester, re-registration for continuing students takes place.

During open registration, any available spaces remaining are offered on a first-come, first-served basis. If a desired coach or time is unavailable, names are placed on a waiting list. All waiting lists and special requests are purged at the end of each semester.

There will be times during the year when tennis lessons may be cancelled due to conflicts with TAS activities. In February and March, some lessons will be cancelled or relocated during TAS track and field season. Members should note that TAS's curricular programs take priority over TYPA recreational activities. Please take this into consideration when signing up for TYPA tennis programs.

Cancellation Policy

After the second week of the semester, no credits or refunds will be given due to withdrawals and no schedule changes will be allowed. There will be no credits or refunds for missed tennis clinics, group lessons or semi-private lessons. Private lessons are allowed one cancellation per semester, but the cancellation must be done at least 24 hours in advance. Please note, canceled tennis lessons will not be made up.

Regarding injury cancellation, we will only issue a refund to an injured student if they withdraw for the rest of the semester. This will be on a prorated basis, a \$500 processing fee will be deducted from the remaining program cost and the TYPA Registrar must be informed as soon as possible of the injury. Please provide a medical certificate when applying for an injury refund. Once the injury application has been submitted, the student will lose priority registration for the re-registration period.

Announcements on the cancellations of tennis lessons due to inclement weather will be made at 2:00pm on the day of the lesson. Cancellation text messages will be sent to parents once the cancellation is confirmed. If the cancellation is made after 3:45pm, tennis coaches will contact the parents individually. Parents can call the TYPA office to inquire about cancellations after 2:00pm. Lessons cancelled by TYPA will be credited or refunded at the end of the semester.

MUSIC

GENERAL INFORMATION

Music at TYPA is for all ages. We offer 30, 45, or 60 minutes of private music instruction in Cello, Flute, Guitar, Piano, Violin, and Voice. We also offer group lessons for flute, guitar, and the "Chanterelles" children's choir.

Our music instructors are exceptionally talented with a wealth of experience, and most possess Master of Music degrees specializing in music performance. Many continue to perform in recitals and concerts throughout the year.

Students should either own or rent their own instrument for weekly practice. While TYPA doesn't sell or rent instruments, we can assist you in finding where you can either buy or rent one.

Each private lesson student has the option to perform in a music recital at the end of the school year.

MUSIC AGREEMENT

Music lessons can begin at any time during the semester depending on availability and lessons will be prorated from the actual starting date.

Every parent or adult student is required to read and understand the TYPA Music Agreement. The Music Agreement is available at the TYPA office, on our website, or in the TYPA Music Notebook.

Please do not enroll in the TYPA music program unless you are able to make a weekly commitment to your music lessons. **In the event you are not able to make a class, a friend or family member is not allowed to take that class for you unless they are already a student of the same TYPA music teacher.**

Please note that there may be additional costs for music books.

SCHEDULING

All music classes are scheduled in the following manner: towards the end of each semester, re-registration for continuing students takes place and music teachers arrange their schedules with the student first. During open registration, any available slots remaining are offered on a first-come, first-served basis and if a non-available teacher or time is desired, names are placed on a waiting list. All waiting lists and special requests are purged at the end of each semester.

Music Lessons meet every week as follows:

MARTIAL ARTS

GENERAL INFORMATION

TYPA offers martial arts classes in four distinct disciplines – Aikido, Karate, Ninja, and Taekwon-Do. Martial arts teaches respect, courtesy and self-discipline, and improves flexibility, strength, stamina, health, and fitness.

Discipline, attitude, and respect for martial arts will be emphasized. Examples of the above guidelines include promptness to class, proper wearing of uniforms, and respect for the martial arts master and fellow students.

All TYPA martial arts classes are minimal body contact. Older beginning students or students with experience in a different martial arts discipline may attend higher-level classes at the discretion of the instructor.

Belt Advancement Tests

Testing criteria will not only include skills, but

discipline, attitude, and respect displayed throughout the semester. Students will not advance to the next belt level unless all these criteria are met to the satisfaction of the instructor. It is not mandatory to take the test, however, it is recommended if your child would like to advance to the next level.

Please note there will be an additional cost for tests. Parents are encouraged to watch the test take place.

Dress Code Policy for Martial Arts

TYPA does not sell or otherwise provide uniforms. Students are required to purchase their own uniforms from a local retailer or with assistance from the instructor. Students must be in a properly-fitted uniform by the third lesson or they are subject to sitting out that class. Each discipline has its own unique uniform and different belt system.

AIKIDO

Aikido in its present form was developed in Japan in the early 20th century. Aikido is seen not only as a system of self-defense, but also as a means of self-cultivation and improvement. It is unique among martial arts in that the majority of techniques are based on aggressors making the first move and using their energy and momentum to neutralize them.

Aikido

Grades: 1-Adult

On a physical level, Aikido involves some throws and joint locks. It focuses not on punching or kicking, but rather on using the opponent's energy to gain control and throw him away from you.

TIGER TOTS

ABOUT THE TIGER TOTS PROGRAM

Our programs have been designed to follow North American standards, and we provide age-appropriate educational goals, values, and philosophies that are implemented within a challenging and exciting learning environment. Play sets the stage for learning and provides the medium through which the children may imitate, explore, test ideas, acquire information, and draw conclusions. Our experienced, caring personnel emphasize and foster a positive self-image while encouraging uniqueness within socialization. The unique interests of each child are used as a guide for inquiries and exploration within the classroom. Tiger Tots also offers weekly gymnastics, music, and Kidsportz classes (4s and 5s), provided by

TYPA specialized instructors. In addition, Mandarin classes are available for those students who want to acquire a new language or improve their first language.

PRE-SCHOOL PROGRAMS

5 5s (Five-Year-Old) Kindergarten Program

For children who are five before Sept. 1, 2020

Our Kindergarten program helps to prepare learners for success throughout their academic life. We develop a balance of child-initiated learning and teacher-directed opportunities by closely following North American benchmarks and learning standards. Our curriculum covers a wide range of academic areas including phonics, writing workshops, guided reading, math, science, social studies, the arts (visual and musical), fitness and movement, and social and emotional development.

We aim to promote well-being, self-help, collaboration, and independence. We value each child as a unique individual and encourage their curiosity through themes that have emerged from their own interests. Children face new challenges, make new discoveries, and happily celebrate their own efforts and

achievements and those of others while in a safe, loving learning environment.

4 4s (Four-Year-Old) Pre-Kindergarten Program

For children who are four before Sept. 1, 2020

The PreK Program is an age-appropriate instructional program that prepares students for a successful transition to kindergarten and beyond. It helps children advance their skills in core pre-academic areas such as phonics, math, and science, while at the same time helping them excel in other essential areas such as art, social and emotional well-being, and health and wellness. Our child-centered approach ensures that children are exposed to a diverse array of learning activities, and that they thrive in all areas of childhood development, creative thinking, complex problem solving, empathetic collaboration, curious investigation, and astute decision making.

We engage in and encourage each child's natural curiosity and interest in learning. Our goal is to have children actively participate in the learning process and provide them with the opportunity to complete assigned tasks with a level of independence. This allows for both direct and indirect acquisition of knowledge and skills.

3s (Three-Year-Old) Playgroup Program

For children who are three before Sept. 1, 2020

The Three-Year-Old Program is designed to encourage a balance of child-initiated and teacher-facilitated activities. This program offers children a variety of choices provided within a carefully prepared indoor and outdoor environment. This environment includes art, dramatic play, blocks, manipulatives, language arts, books, music, water and sand play, as well as activities to build large and small motor skills. Our goals include the encouragement of each child's natural curiosity and interest in learning. We feel it is important for children to actively participate in the learning process, and therefore provide many opportunities for learning by doing, for both indirect and direct acquisition of new knowledge and skills. Our three-year-old classrooms are located at 📍 Tiger Tots Campus.

Emphasis in these groups is on learning through play in an environment planned to encourage discovery, independence, and social interaction. In order to develop self-esteem and social competence, children are encouraged to help themselves, take initia-

tive, and become increasingly independent. To help children develop a sense of trust and feel comfortable from the start, a parent or consistent caregiver may remain in the classroom until the teaching staff indicates that a separation is appropriate and can be comfortably accomplished.

2s (Two-Year-Old) Playgroup Program

For children who are two before Sept. 1, 2020

Two-Year-Old Playgroups meet either two, three or five days each week, depending on the schedule you choose at registration. There is also the option of the full-day two-year-old program, which includes nap time, free choice time, and story time. The full-day program allows an easy adjustment for the child needing to remain with his/her teacher and in his / her classroom until the end of the school day. Our two-year-old classrooms are located at 📍 Tiger Tots Campus.

The Two-Year-Old Program encourages the

growth of independence and social awareness, sensory exploration, the development of physical skills, and language development. Children play in planned indoor and outdoor environments designed to provide a variety of materials to explore.

For two-year-olds, it can take some time for the child to be totally comfortable in a group environment, to seek out teachers for support, and to develop increased peer social skills. To ease this transition at the beginning of each semester, a parent or other consistent caregiver may remain in the classroom with the child until the teaching staff indicates that a separation from this primary adult is appropriate and can be comfortably accomplished.

"I love that Tiger Tots supports my children's individuality and creativity. Attending Tiger Tots has definitely made a dramatic change in helping them open up to others and express themselves. They often ask me if they can go to school on weekends! It truly is music to my ears! I can't thank the TYPA-Tiger Tots community enough, because of you, my children are being loved and taught positively on becoming a better little human everyday!"

1 Pre-2s (Pre-Two-Year-Old) Tiggers Playgroup

For children who are 18 months before Sept. 1, 2020

Tiggers Pre-2s Playgroup meets either two, three or five days each week, depending on the schedule you choose at registration. The classroom is located at 📍 Tiger Tots Campus.

This playgroup program is comprised of informal sessions during which children come together to socialize and have fun in an air-conditioned, clean, relaxed and friendly environment. The experience will help your child gain an understanding of what school is about, and foster a positive attitude towards it, through stories, songs, drama, music and play.

By providing stimulating and age-appropriate equipment, activities and materials, your child will become more independent, be encouraged to make appropriate choices, solve problems, and make discoveries through moving and doing. Our little Tiggers will learn about themselves and how to relate to others.

It can take some time for young toddlers to feel secure and comfortable in a group environment, to seek out familiar adults for support, and to develop increased social skills. To ease this transition, a parent or other familiar caregiver may remain in the classroom until the teaching staff indicates that a separation is appropriate and can be comfortably accomplished.

Art Now - Here Today, Gone Tomorrow

Ages: 4-5

Students will learn about Ephemeral art in our NEW interactive class. Unlike art created to be hung on walls or displayed in galleries forever, ephemeral art is temporary and exists for a certain moment in time. The process of creating artwork is often more important than the end result. Often ephemeral arts are made from materials and things that have short duration and form-holding capacity, such as sand, ice, or from materials that tend to decompose or change through natural processes, such as leaves. This class will promote a respect for natural materials and encourage children's appreciation and sensitivity to color, size, shape and symmetry. The course will also create rich language opportunities for teachers to talk to children about the aesthetic qualities of the materials they are using, as well as discuss design and patterning. Photos will be shared with families showing the creative activities enjoyed in this after-noon class.
