MANAGING DIRECTOR'S MESSAGE

Frank Sinatra may have told the world he did it 'his way' but you and I know that anyone who makes it in any discipline whether it be sport, music, gymnastics, dance or martial arts without exception, has had a helping hand.

The helping hands in our community are our hardworking volunteers. These volunteers - parents, coaches, scout leaders and many more were unable to come on to our campus for close to six months last year due to government protocols.

But when those protocols were lifted, it was just fantastic to welcome them back to our community. And boy, did they make up for lost time! Their infectious enthusiasm was immediately apparent and the manner in which our little champions responded was a delight to see.

TYPA truly does live its mission statement, part of which states that it is critical to have a combination of a professional staff, dedicated volunteers and the support of our families to be able to provide the best quality experiences for our community. To see the list of the hundreds of dedicated volunteers just turn this page. They are indeed a vital part of the fabric of our community.

As well as our wonderful volunteers, we also have 130 professional instructors serving over 2,000 members participating in 120 high quality recreational and educational activities every week. From Robotics to Rugby, Public Speaking to Piano, Soccer to Summer Camp and Basketball to Ballet, there is something for everyone!

So keep turning the pages to see the incredibly dynamic and diverse activities we offer here at TYPA.

Best wishes,

Gerry Moran

SPORTS

GENERAL INFORMATION

The TYPA sports calendar is divided into three seasons. The basketball season starts with the new school year and generally finishes close to Halloween. Soccer follows basketball and straddles the first and second semesters. Baseball is the final team sport and is completed during the last weeks of the school year. Both basketball and soccer are registered as fall semester programs, while baseball is registered as a spring semester program. Children of all abilities are welcome to join in the excitement of our sports programs. Each player will receive a team T-shirt, team photo, team souvenir and participate in an end-of-season awards ceremony.

As our goal is to develop each player's skills and knowledge of the game, we strive for teams to be as evenly matched as possible. For athletes in 2nd through 5th grades, there is a mandatory skill assessment done by our sports staff. Players will be placed on a team once the assessment has been completed. Please be aware of the registration cutoff dates as we cannot give refunds or credits after this date.

When sports practices are cancelled due to bad weather or other unforeseen circumstances, refunds, credits or make ups will not be given. Games may be cancelled due to severe weather or poor air quality.

TENNIS

Tennis students will need to purchase their own tennis rackets to be used for tennis lessons. Tennis or sports shoes must be worn to avoid injuries and students will also need to wear proper sportswear in class.

Tennis Lessons Grades: 1-12

Come join TYPA tennis and learn how to serve, volley and hit a ground stroke! It's a great opportunity for you to learn various tennis techniques with our outstanding tennis coaches. The TYPA tennis program is comprised of **FOUR DIFFERENT TENNIS LESSONS OPTIONS:**

1. TENNIS CLINIC - Three coaches collectively instruct 15-20 students of all levels. Tennis clinic lessons are only offered from 2:45-3:35pm (Mon-Fri). We also offer a special tennis clinic lesson on Friday 3:45-4:40pm for grade 5 and older students. At the beginning of each semester, students will be assigned into different groups based on their assessed level and age. Tennis students will not be able to choose their own instructor.

To be fair, each student may only enroll in two tennis clinic classes per week.

2. PRIVATE - One on one

3. SEMI-PRIVATE - One coach with 2 students

4. GROUP - One coach with 4 students

All Private, Semi-private and Group lessons are scheduled between 3:45-6:45pm on weekdays, and on Saturdays from 8:00am - 5:30pm.

All tennis lessons are scheduled in the following manner:

Towards the end of each semester, re-registration for continuing students takes place.

During open registration, any available spaces remaining are offered on a first-come, first-served basis. If a desired coach or time is unavailable, names are placed on a waiting list. All waiting lists and special requests are purged at the end of each semester.

After the second week of the semester, no credits or refunds will be given due to withdrawals and no schedule changes will be allowed. There will be no credits or refunds for missed tennis clinics, group lessons or semi-private lessons. Private lessons are allowed one cancellation per semester, but the cancellation must be done at least 24 hours in advance. Please note, cancelled tennis lessons will not be made up.

Regarding injury cancellation, we will only issue a refund to an injured student if they withdraw for the rest of the semester. This will be on a prorated basis. A \$500 processing fee will be deducted from the remaining program cost and the TYPA Registrar must be informed as soon as possible of the injury. Please provide a medical certificate when applying for an injury refund. Once the injury application has been submitted, the student will lose priority registration for the re-registration period.

Announcements on the cancellations of tennis lessons due to inclement weather will be made at 2:00 pm on the day of the lesson. Cancellation text messages will be sent to parents once the cancellation is confirmed. If the cancellation is made after 3:45pm, tennis coaches will contact the parents individually. Parents can call the TYPA office to inquire about cancellations after 2:00pm. **Lessons cancelled by TYPA will be credited or refunded at the end of the semester.**

Tennis Courts Usage

Please note that TYPA tennis lessons will be held on the TAS Rubber D Area.

Sometimes we will be allowed to use the TAS indoor or rooftop tennis facilities for lessons but please understand that it is not guaranteed for every semester. When the indoor or rooftop courts are unavailable, we will move back to offer lessons on the TAS Rubber D Area. We will not issue any credits or refund or makeup lessons when there are facility changes.

There will be times during the year when tennis lessons may be cancelled due to conflicts with TAS activities. Members should note that TAS's curricular programs take priority over TYPA recreational activities. Please take this into consideration when signing up for TYPA tennis programs.

Tennis Waiting List

When TYPA tennis lessons are full, members can fill out a tennis waiting list form and submit it to the TYPA office. If any spot becomes available, the next member on the waiting list will be contacted. According to the withdrawal policy, this usually happens during the first two weeks of the semester. The waiting lists expire at the end of the semester.

Partnering up

If you sign up for a semi-private lesson, please endeavor to find a partner for yourself beforehand. If you cannot find a partner, please sign up for a private lesson initially and TYPA will try to help you find a partner at your level and age.

If you sign up for a semi-private or group lesson, but your partner(s) decide to cancel or reschedule to another time slot, your tuition will be adjusted according to the number of students registered for that class.

Our music instructors are exceptionally talented with a wealth of experience, and most possess Master of Music degrees specializing in music performance with many still performing in recitals and concerts throughout the year.

Students should either own or rent their own instrument for weekly practice. While TYPA doesn't sell or rent instruments, we can assist you in finding one either to buy or for rent. A music recital will be held at the end of the school year and each student has the option to participate.

MUSIC AGREEMENT

Music lessons can begin at any time during the semester depending on availability and lessons will be prorated from the actual starting date.

Every parent or adult student is required to read and understand the TYPA Music Agreement. The Music Agreement is available at the TYPA office, on our website, or in the TYPA Music Notebook.

Please do not enroll in the TYPA music program unless you are able to make a weekly commitment to your music lessons. In the event you are not able to make a class, a friend or family member will not be allowed to take that class for you unless they are already a student of the same TYPA music teacher.

Each student is only allowed one make up lesson per semester (except Camp Taiwan).

Please note that there may be additional costs for music books.

MARTIAL ARTS

GENERAL INFORMATION

TYPA offers martial arts classes in four distinct disciplines – Aikido, Karate, Ninja, and Taekwon-Do. Martial arts teaches respect, courtesy, self-discipline, and improves flexibility, strength, stamina, health, and fitness.

Discipline, attitude, and respect for martial arts will be emphasized in each class. Examples of the above guidelines include promptness to class, proper wearing of uniforms, and respect for the martial arts master and fellow students.

All TYPA martial arts classes are minimal body contact with occasional sparring practice for students at a more advanced level.

Belt Advancement Tests

Each martial arts discipline has a colored belt (ranking) system allowing students to set their goals and challenge themselves. Testing criteria will not only include skills, but also discipline, attitude, and respect displayed throughout the semester. Students will not

advance to the next belt level unless all these criteria are met to the satisfaction of the instructor. It is not mandatory to take the test, however, it is recommended if your child would like to advance to the next level.

◆ *Students will be required to purchase a uniform at the beginning of the semester and students will have the opportunity to take a test at the end of the semester. Please note there will be an additional cost for tests.*

Dress Code Policy for Martial Arts

Students will be required to wear a specific uniform for each discipline. They are required to purchase their own uniforms with assistance from the instructor. Students must be in a properly fitted uniform by the third lesson or they will not be able to participate in class. Each discipline has its own unique uniform and a different belt system.

AIKIDO

Aikido in its present form was developed in Japan in the early 20th century. Aikido is seen not only as a system of self-defense, but also as a means of self-cultivation and improvement. It is unique among martial arts in that the majority of techniques are based on aggressors making the first move and using their energy and momentum to neutralize them.

Aikido

Grades: 1-Adult

On a physical level, Aikido involves some throws and joint locks. It focuses not on punching or kicking, but rather on using the opponent's energy to gain control and throw him away from you.

📌 *It is required for a parent to sign up with a Grade 1 or 2 student.*

TIGER TOTS

ABOUT THE TIGER TOTS PROGRAM

At Tiger Tots, we provide a safe, nurturing learning environment for children from the ages of 18 months to 6 years. Our programs have been designed to follow North American standards, and we provide age-appropriate educational goals, values, and philosophies that are implemented within a challenging and exciting learning environment. Play sets the stage for learning and provides the medium through which the children may imitate, explore, test ideas, acquire information, and draw conclusions. Our experienced, caring personnel emphasize and foster a positive self-image while encouraging uniqueness within socialization. The unique interests of each child are used as a guide for inquiries and exploration within the classroom. Tiger Tots also offers weekly gymnastics, music, and Kidsportz classes (4s and 5s), provided by

TYPA specialized instructors. In addition, Mandarin classes are available for those students who want to acquire a new language or improve their first language.

COMMUNITY OF LEARNERS

All of our teachers are qualified educators, many of whom have been with Tiger Tots for several years. They work as a team to develop and implement meaningful and engaging programs for children, based on emergent curriculum planning techniques. PRE-SCHOOL PROGRAMS

5 5s (Five-Year-Old) Kindergarten Program

For children who are five before Sept. 1, 2022

Our Kindergarten program helps to prepare learners for success throughout their academic life. We develop a balance of child-initiated learning and teacher-directed opportunities by closely following North American benchmarks and learning standards. Our curriculum covers a wide range of academic areas including phonics, writing workshops, guided reading, math, science, social studies, the arts (visual and musical), fitness and movement, and social and emotional development.

We aim to promote well-being, self-help, collaboration, and independence. We value each child as a unique individual and encourage their curiosity through themes that have emerged from their own interests. Children face new challenges, make new discoveries, and happily celebrate their own efforts and

achievements and those of others while in a safe, loving, learning environment.

4 4s (Four-Year-Old) Pre-Kindergarten Program

For children who are four before Sept. 1, 2022

The PreK Program is an age-appropriate instructional program that prepares students for a successful transition to kindergarten and beyond. It helps children advance their skills in core pre-academic areas such as phonics, math and science, while at the same time helping them excel in other essential areas such as art, social and emotional well-being, and health and wellness. Our child-centered approach ensures that children are exposed to a diverse array of learning activities, and that they thrive in all areas of childhood development, creative thinking, complex problem solving, empathetic collaboration, curious investigation, and astute decision making.

We engage in and encourage each child's natural curiosity and interest in learning. Our goal is to have children actively participate in the learning process and provide them with the opportunity to complete assigned tasks with a level of independence. This allows for both direct and indirect acquisition of knowledge and skills.

3 3s (Three-Year-Old) Playgroup Program

For children who are three before Sept. 1, 2022

The Three-Year-Old Program is designed to encourage a balance of child-initiated and teacher-facilitated activities. This program offers children a variety of choices provided within a carefully prepared indoor and outdoor environment. This environment includes art, dramatic play, blocks, manipulatives, language arts, books, music, water and sand play, as well as activities to build large and small motor skills. Our goals include the encouragement of each child's natural curiosity and interest in learning. We feel it is important for children to actively participate in the learning process, and therefore provide many opportunities for learning by doing, for both indirect and direct acquisition of new knowledge and skills. The full-day program allows us more opportunities to extend our curriculum to explore science, math, cooking, and sport. The program allows an easy adjustment for the child needing to remain with his/her teacher until the end of the school day as well as a short nap time. Our three-year-old classrooms are located at 📍 Tiger Tots Place.

Emphasis in these groups is on learning through play in an environment planned to encourage discovery, independence, and social interaction. In order to develop self-esteem and social competence, children are encouraged to help themselves, take initiative, and become increasingly independent. To help children develop a sense of trust and feel comfortable from the start, a parent or consistent caregiver may remain in the classroom until the teaching staff indicates that a separation is appropriate and can be comfortably accomplished.

"Tiger Tots Preschool provides a safe and sound environment for children to play and learn. They have well-educated and trained teachers who observe and teach children by learning through their play. They provide face-to-face communication on parent day every semester, as well as also keeping in contact with me whenever they think there is something I should know. growth of independence, social awareness, sensory exploration, the development of physical skills, and language development. Children play in planned indoor and outdoor environments designed to provide a variety of materials to explore.

For two-year-olds, it can take some time for the child to be totally comfortable in a group environment, to seek out teachers for support, and to develop increased peer social skills. To ease this transition at the beginning of each semester, a parent or other consistent caregiver may remain in the classroom with the child until the teaching staff indicates that a separation from this primary adult is appropriate and can be comfortably accomplished.

1 Pre-2s (Pre-Two-Year-Old) Tiggers Playgroup

For children who are 18 months before Sept. 1, 2022

Tiggers Pre-2s Playgroup meets either two, three or five days each week, depending on the schedule you choose at registration. The classroom is located at  Tiger Tots Place.

This playgroup program is comprised of informal sessions during which children come together to socialize and have fun in an air-conditioned, clean, relaxed and friendly environment. The experience will help your child gain an understanding of what school is about, and foster a positive attitude towards it, through stories, songs, drama, music and play.

By providing stimulating and age-appropriate equipment, activities and materials, your child will become more independent, be encouraged to make appropriate choices, solve problems, and make discoveries through moving and doing. Our little Tiggers will learn about themselves and how to relate to others.

It can take some time for young toddlers to feel secure and comfortable in a group environment, to seek out familiar adults for support, and to develop increased social skills. To ease this transition, a parent or other familiar caregiver may remain in the classroom until the teaching staff indicates that a separation is appropriate and can be comfortably accomplished.

Summer Tech Camp Grades: 1-7 (in Fall 2022)

JUN. 6 - JUL. 15

In this camp, students will discover a world of coding, invention and robotics that goes beyond the usual battles, destruction and droids. This program is about using design and engineering skills to invent and build projects that solve problems, look great or make parents go 'Wow!' when they see what their kid has made. This year we are building the camp around three central themes, with a different theme taking place each week. The three themes are Weather and Climate, Transportation and Navigation, and Health and Wearable Technology.

Weather and Climate will enable students to explore sensors and hardware that affect changes in the environment around us. We will use a microcontroller and open-source electronics to build systems that alter conditions for organisms to live in, whether this may be a house or greenhouse.

Transportation and Navigation will introduce students to autonomous driving devices and other cutting edge robotic tools. We will discover how we will build cities of the future

with connected roads and environments. In this course we also introduce students to computer vision, looking at how we use AI to enable cameras to detect specific actions.

Health and Wearables will explore how smart devices like the Apple Watch and Fitbit measure your step count and heart rate. We will explore how this technology can be used to improve our habits to improve our health. We will use different sensors, such as accelerometers, thermometers and pulse sensors to detect data about ourselves and understand how to display it to keep ourselves healthy and also safe during pandemics!
